- ❖ Support contracts payable by Interest free monthly standing order.

TRAINING COURSES

We cannot over-emphasise the value of good training and we now offer a range of courses for t³ users. The courses are well balanced half-day modules covering basic, intermediate and advanced operation of the programme. As an added incentive we are also offering free training credits with all new Roeville packages and annual support contracts - to keep users current with all the latest developments. Courses are run in Doncaster and include light refreshments.

***PLEASE NOTE**

- i. Each t³ user requires an Advantage Database Server license - available in packs as shown above.
- ii. Each Routing Application user requires a Microsoft MapPoint License.
- ii. All prices are subject to VAT at the current rate.
